**Descriptive Report :-**

Blood donation camps are organized with the purpose of supplying blood to the blood banks for the need of patients suffering from cancer, hemophilia, and thalassemia or accident victims.

The blood donation camp was held on 1st September 2018 in our college auditorium. The activity of blood donation camp was organized by faculty of NSS volunteer of are college besides student other people also donate their blood watt 85 units were collected in this camp . some donars who could not donate their blood they assured far donation in next camp.

**Outcome:**

Conducting voluntary blood donation camp in regular basis will increase the stock of blood units in blood bank which is needed for optimum functioning of the health-care system. Conclusion: The organization of blood donation camp should be best and safe to the patient/recipients and to the blood donor also.
