On February 2, 2021, a guest lecture on E-Waste Management was organized at Rajiv Gandhi College in Vashi. The event aimed to raise awareness about the growing issue of electronic waste and to educate students and faculty members on the importance of responsible e-waste disposal. This report summarizes the key highlights and takeaways from the lecture.

1. Guest Speaker: The lecture featured Dr. Priya Sharma, a renowned environmentalist and expert in e-waste management. Dr. Sharma's extensive knowledge and experience in the field added credibility to the event.

2. Audience: The lecture was attended by students from various departments, faculty members, and staff, making it a diverse and engaged audience.

3. Topics Covered:

a. Introduction to E-Waste: Dr. Sharma began by defining e-waste and explaining its various forms, including old electronic devices, appliances, and accessories.

b. Environmental Impact: The speaker highlighted the environmental hazards caused by improper e-waste disposal, such as soil and water pollution, toxic emissions, and health risks.

c. Legal Framework: An overview of national and international laws and regulations pertaining to e-waste management was provided, emphasizing the need for compliance.

d. Recycling and Responsible Disposal: Dr. Sharma emphasized the importance of recycling and responsible disposal methods for e-waste, including the role of authorized recycling centers.

e. Consumer Awareness: The lecture also discussed the role of consumers in reducing e-waste by making informed choices, extending the lifespan of devices, and participating in take-back programs.

4. Interactive Session: Following the lecture, an interactive Q&A session was conducted, allowing students and faculty to clarify doubts and seek additional information.
