Overall Analysis: -

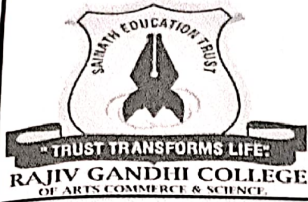

In the year 2020-21, under the guidance and support of IQAC of the college, criteria 2 committee has framed a questionnaire of Student Satisfaction Survey (SSS) in the google form on overall performance of the institution. After preparing the form, the link has been distributed to official groups of the students and responses have been collected.

According to comments and suggestions given by the students, we have received some excellent opinions from students about good quality teaching, teachers' supportive and cooperative nature, their positive relation with teachers and many more. Some of the students have given suggestions for the improvement in college facilities such as availability of projector classrooms, more placement companies for B.Sc Chemistry students, uses of audio visual graphics in the lectures, more gym and canteen facilities and more sweepers for cleaning washrooms.

Overall suggestions are good for the improvement of college growth and development. Average 90% students are showing positive responses to this Student Satisfaction Survey (SSS) 2020-21.

Action Taken on SSS 2020-21

In response to the Student Satisfaction Survey (SSS) 2020-21, which was conducted entirely online due to the limitations imposed by the COVID-19 pandemic, the college criterion II involving members has taken proactive steps to address the feedback received from students regarding the online teaching-learning process. With the transition to remote learning, the focus has been on ensuring the effectiveness of online instruction and providing necessary support to both students and faculty.

While physical changes were not feasible due to the limitations imposed by the COVID-19 pandemic, alternative measures were implemented to address the concerns raised in the College Students Satisfaction Survey for the academic year 2020-21 also. The college remains committed to continuously improving the educational experience for students and adapting to the evolving needs and challenges posed by the current circumstances.

1. Enhanced Virtual Classroom Experience such as google classrooms, Zoom Meeting app, Google meet, Microsoft teams, Kahoot, Quizzes, Interactive White board, Virtual practicals, Teachmint, etc.
2. Improved Access to Course Materials through mails, PPT's, PDF of notes, eBooks excess through google classrooms, Whatsapp groups, online content through You tube, Wiki, etc.
3. Expanded technical support services to assist students with troubleshooting issues related to online learning platforms, connectivity issues and access to digital resources.
4. Student Engagement Initiatives by organizing discussion boards and peer-to-peer support groups to facilitate interaction and collaboration among students.
5. Encouraged faculty members to incorporate innovative teaching strategies and active learning techniques to maintain student engagement and motivation in the online environment.
6. Continuous Evaluation and Feedback through google quiz for formative assessment and Testmoz for summative assessment.
7. Student Support Program through fees installment facility and concession in the fees.
8. Regular Communication and Updates through maintained transparent communication channels with students, providing regular updates, announcements and reminders about upcoming lectures, assignments and assessments by whatsapp groups, personal calling, messaging, etc
