Descriptive Report:-

NSS unit along with students of Rajiv Gandhi College organized an AIDS Awareness Rally on 1st December 2022 (Wednesday) at 9:30 AM. The students started the Rally from Rajiv Gandhi College, Vashi sector 10 till Desire society Vashi sector 28. The NSS unit with full college students walked with banners and posters. There were 600 students who participated in the Rally.

The students in the rally walked with full enthusiasm and when we reached Desire Society we met their coordinators Mr. Sangharsh and Mr. Jagtap. All Colleges participating in the Rally assembled in the garden opposite DESIRE SOCIETY. We all lined up college wise with the HIV+ children. We continued our Rally along with the HIV+ children around sector 28, Vashi. When we met the HIV+ children, they were ready for the Rally in Red T-shirts. They stopped at BLUE DIAMOND Chowk for photos and we proceeded back to DESIRE SOCIETY, where the Rally ended.

NSS unit of Rajiv Gandhi College organized lunch at 1:30 PM where our own students served the food to the HIV+ children. We also sponsored a donation of RS. 5000 towards their study expenses.
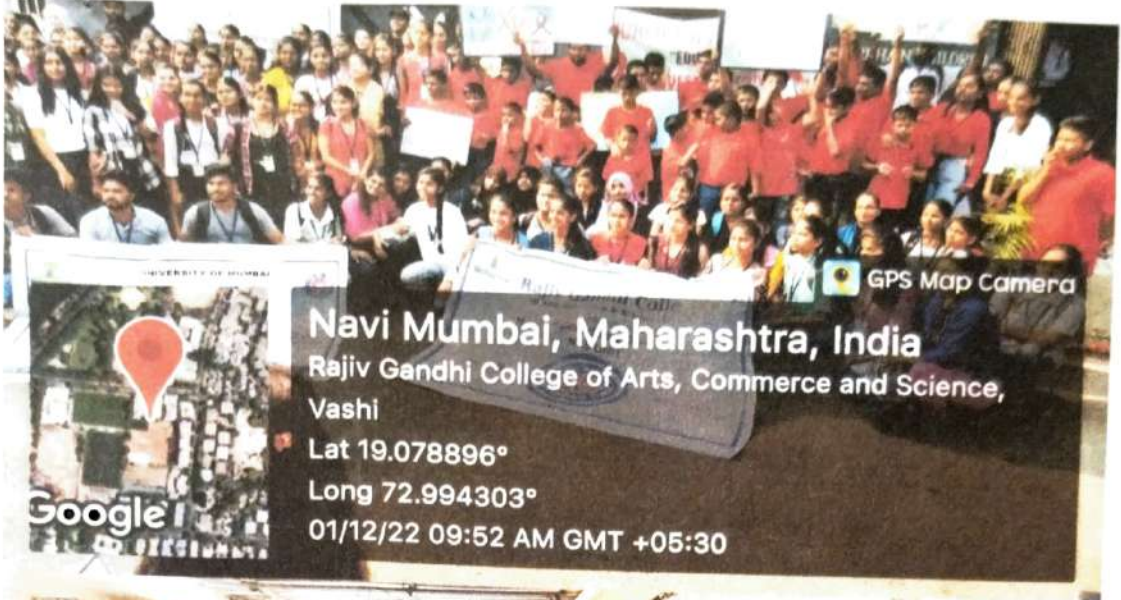

OUTCOME:-

1) Created awareness among the students about AIDS.

2) We encouraged the HIV+ children to live a happy life.

3) Created awareness to reduce and prevent further infection.

Dated: 20th Aug 2022 to 12th Sep 2022

Venue: classroom and lab

No. of students parent participated: 60 Students

Details of Activity

Bridge course is a activity for helping students transition from one level to another.The main aim of this course is to bridge the gap between the subjects that the students have undergone during their Higher Secondary level course and the subjects they would be studying in Undergraduate level in Computer. Detailed schedule including the dates ,times and topics of each session were given to the students which they need to follow during the course.

As some students come from different platforms like Biology, Physics likewise, they may lack behind in programming skill and algorithmic logic.

Various activities conducted during the bridge course. This may include lectures, workshops, hands-on exercises, group discussions, pre test and post test.Discussion of the progress in test by the participants throughout the course.

Bridge course is one of the initiatives adopted to give students the confidence and skills to successfully transition from school to college. The Department of Computer Science & Information Technology has successfully conducted the Bridge Course programme for UG students, for the current academic year (2022-23).

Through this bridge course we covered various topics such as Operating System mechanisms,Computer language introduction, Networking & Internet working,Web development,Digital electronics ,Number theory & Set theory etc.Basic english skill,hardware, software,programming,cyber security,database management etc.The respective faculty have taken scheduled session and explained concept thoroughly also discussed about the upcoming technologies in IT.

Outcome

1. It has provided students the confidence and skills to successfully transition to college.
2. It has helped students to enhance critical thinking skills through self exploration and class experiences.
3. Student gains knowledge in various IT skills and concepts like programming,security,networking,database management.
4. Improvement in problem solving skills.
5. Technically comfortable with hardware and software ,hardware & IT tools commonly used in this field.
6. Awareness among students about cyber security.
7. It has assisted students in their knowledge of computer concepts.
8. It has Built Positive relationships between new students and faculty of RGC.

Introduction:

There has been an increasing interest in AI during the pandemic in Education. AI is transforming how we live, work and play. By enabling new technologies like self-driving cars and recommendation systems or improving old ones like medical diagnostic and search engines, the demand for expertise in AI learning is growing rapidly. The **Department of Information Technology** in collaboration with the Department **of Computer Science along with IQAC** has organized this workshop.

Today's youth are using technology in a variety of ways, from texting and tweeting to chatting, online gaming, and posting a variety of information. Youth are often the most avid users of technology. Enhancing the skill of the youth has become very important. We have been using Artificial Intelligence in our day today lives even without knowing. Like how we have been using Google Maps and Ride-Hailing Applications, Face Detection and Recognition, Digital Assistants, ALEXA , Social Media, Text Editors or Autocorrect, E-Payments ,Search and Recommendation Algorithms.

This workshop is not just focusing on Applications of Artificial Intelligence using Python but also how one can make it more interactive so that the learner can be attentive during the e-lectures. The institution organized workshop/webinars to train faculty and students to make them acquainted with ways and techniques which are helpful in e-content development and e-teaching.

workshop was attended by **631 participants** including academicians, Students, Faculties, Researchers. below is workshop elaborated contents.

The topics covered through Workshop:

- History of AI.
- Introduction.
- Domains of AI.
- Application of AI.
- Advantages and Disadvantages.
- Growth and features of AI.
- AI Quiz.
- Introduction to python.
- Demonstration of AI in Gaming Using Python.

About Resource Person:

Dr. Swati Vitkar

Department of Information Technology,
S.I.E.S College of Arts, Science and Commerce,
Nerul, Navi Mumbai.

Qualification :-

UoM Approved Teacher for B.Sc. I.T, M.Sc. I.T & M.Sc. C.S
S.I.E.S College of Arts , Science & Commerce, Nerul.
PhD Guide for Computer Science
Reviewer of many International Journals

Workshop Outcomes:

- Explored session on teaching Artificial Intelligence using Python Programming. Understanding of A.I and its implementation was covered in this workshop.
- Detailed Explanation on the implementation was exercised. Tic Tac Toe Example was also implemented with an interactive communication with Faculties.
- Online Workshop is a good platform to address some academic issues/challenges/problems/ doubts etc. that support the stake holders to get deeper understanding on subjects and concepts.

Conclusion: During Covid19 pandemic Artificial Intelligence helped to continue the teaching learning activities. Also the idea that machines could think and perform task just as human do helped learner to get more knowledge about technologies.

National Level Youth Skill Enhancement Webinar Series

Expert Session 1 :

Discover your Passion – Dream big and make it a Reality

Duration: 02 : 00 Hrs.

Dated on: 15th July 2021

Introduction:

World youth skills day was celebrated on this day. In the recent pandemic situation as most of the study is done online, the skill development of students is getting affected. Many students have also left schools and colleges due to various difficulties they faced on social and economic level. Pandemic has only accelerated the distraction of student to skill development and not caused it, in the new world driven by information technology, young minds are diverted away from studies and are falling prey to various other activities that hamper the skill development.

The chief guest for the seminar arranged Mr. Danpat Raj Dhariwal Sir, CEO and founder of Vision 2025 Outlook Change, a member of NITI Aayog having more than 45 years of experience of working in corporate sector and CEO for more than 20 years for various groups and corporates. Using examples like making of zollipops by a young entrepreneur, and the recent acknowledgement of Ranjit Disley, a teacher for Solapur, Maharashtra winning the Global Teacher Award, Mr. Dhariwal Sir explained how innovative minds use their skills and make wonders.

The main theme of the webinar "Discover your passion- Dream Big and make it a reality" focused on helping the students attending the session to build an insight on how to use their time effectively and develop skills that are required for the betterment of society and contribute in the way possible for them to do.
.

With the strength of 443 participants, the webinar was hosted by Asst. Prof. Anamika Singh. The Resource was introduced by Asst. Prof. V. Ravishankar. The session was interactive with questions and answers received in Chat box, and conveyed by Asst. Prof. Sherin V. At last, the interactive and interesting webinar was end by Vote of Thanks given by Asst. Prof. Sarojini Biradar.

Overall Webinar was successfully done.

Webinar Outcomes:

- World Youth Skills Day is celebrated to recognise the fact that if youth acquire skills, it will enhance their ability to make informed choices regarding employment. In addition to this, they can also gain access to changing labour markets.

- Lots of specific strategies and programs were discussed for upskilling student, which can be adopted in educational institutions.

- We should identify our potential and must enhance our skills in order to grow in whichever field we wish to work.

- Be determined to your passion

- Determination and being well planned, prepares the person to get ready for challenges on the way..

- First you dream and then start working on dream is not your passion but your passion become a dream.

- Participants got to know about national Skill development mission which they were not aware of before the seminar

- The session gave a glimpse on the topic. The session gave information on passion, motivational stories etc..

Event Title	: "International Women's day"
Date & Time	: on 9th March 2023, From 10:00am To 11:30am
Venue	: 4th floor Auditorium.
Guest of Honour	: Ms. Vinita Rajani

(Founder and Artistic Director of Sparx Dance Academy)

No of participants:- 60

Objective:-

The objective behind celebrating Women's Day is to express love and gratitude towards women's contribution to our lives and society. Annually on March 8, International Women's Day is to celebrate the global "social, economic, cultural and political.

About the resource person:-

Vinita Rajani is Founder of Sparkx Dance Academy and Events Choreographer in many movies and tv serials also appeared in it and dance reality show called Let's dance Assistant choreographer with Ganesh Acharya.

Details of the reports :

On 9th March ,2023 , Women Development Cell organized Workshop on the occasion of international women's day .This Workshop build an awareness in the girl students about 'the objective behind celebrating International women Day .

The Workshop was inaugurated with lamp lighting by **Ms. Vinita Rajani** , principal, & faculty members of the women development cell . After the

inauguration, WDC (Women Development Cell) in charge Asst.Anita Yadav introduced the guest and felicitated the guest by principle with the sapling.

Ms.Vinita Rajani took Workshop on the theme "Woman health and fitness"on the occasion of international women's day.

Madam has given knowledge about how women keep herself fit and fine to take care of their responsibility and society. She had talked about nutrition food intake to keep herself healthy & cut out junk food from diet. Divide your food in a small meal in a day. She explained in detail the important basic workout that we should do at home. She concluded the basic jumba session by interacting with a girl child and faculty. Vote of thanks by Anita Yadav.Overall the session was very interactive and motivated the students.

Outcome:-

1. To promote public awareness of the international women's day celebration.

2. To motivate oneself to stand for themselves.

3 To raise awareness of their work and the challenges they face.

4. Women today have begun realizing their strengths and abilities and are ready to step out of their homes, contributing to the success of their home and the entire society.

5. To get fitness tips.

6. To Learn basic workout sessions.

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO – III and V)

TOPIC/SUBJECT OF THE ACTIVITY	One Day State Level Workshop on "Nuclear Chemistry and Applications of Radioisotopes"
OBJECTIVES	As Nuclear energy is, 1.One of the most low-carbon energy sources. 2.It also has one of the smallest carbon footprints. 3.It's one of the answers to the energy gap. 4.It's essential to our response to climate change and greenhouse gas emissions. 5.Reliable and cost-effective. Students should aware of these terms and 6.Hands on training of GM Counter and Na- I Detector
METHODOLOGY	Lecture, Practical and Q & A, Hands on Training (Experiential learning)
OUTCOMES	**Attach with Report**
SUPPORT/ASSISTANCE:	Asst. Prof. Sarojini Biradar, Asst.Prof. Sarita Shinde, Asst. Prof. Arun Vishwakarma, Asst. Prof. Priyanka Kanojiya

CHEMISTRY DEPARTMENT

Activity: One Day State Level Workshop on "Nuclear Chemistry and Applications of Radioisotopes"

Venue: Auditorium Hall (4th Floor, RGC)

Date & Time: 6th August 2022, 8.00 am to 5.00 pm.

Platform: Offline

Name of the Resource person and their topic of discussion:-

Dr. Prashant Kumar Mohapatra	Head, Radiochemistry Division & Senior Professor, Homi Bhabha National Institute	Chief Guest
Dr. Arnab Sarkar	Fuel Chemistry Division, Bhabha Atomic Research Center & Associate Professor, Homi Bhabha National Institute	Workshop Coordinator and Resource Person on topic "Radioactivity & Decay"
Dr. Seraj Ansari	Secretary, IANCAS	Resource Person on topic "Nuclear Reactor"
Dr. Vimal Nair	Radiochemistry & Isotope Group, BARC	Resource Person on topic "Production of radioisotopes and its utilization in healthcare"

Dr. Arnab Sarkar	Fuel Chemistry Division, Bhabha Atomic Research Center & Associate Professor, Homi Bhabha National Institute	Hands on training with G-M Counter and NA-I Detector with Air Activity detector.

Descriptive Report:-

On 6th August 2022, our college's Department of Chemistry and IQAC in collaboration with Indian Association of Nuclear Chemists and Allied Scientists (IANCAS), Bhabha Atomic Research Center (BARC), Trombay, Mumbai organised A One Day State Level Workshop On the topic **"Nuclear Chemistry and Applications of Radioisotopes"** On Occasion of Celebrating 75th Azadi Ka Amrit Mahotsav.

The event started with welcoming the Cheif Guest Dr. Prashant Kumar Mohapatra, Head, Radiochemistry Division & Senior Professor, Homi Bhabha National Institute by our President: Sainath Education Trust Hon'ble Shri. Haribansh Singhji. Our Workshop Chairperson, Principal Mr. B.S. Pandey had felicaited all our esteemed speakers and guests with his welcome speech. T.P Singhji, Administrative Officer, Sainath Education Trust also blessed us with his presence at the inauguration ceremony.

Asst. Prof. Veena Sawant gave a few words about our college to our guests and participants. Principal B.S. Pandey joined us on stage and gave us a welcome & theme note on Nuclear Chemistry Workshop. Cheif Guest Dr. Prashant Kumar Mohapatra explained to us the importance of nuclear chemistry and its appications in our daily life. Dr. Seraj Ansari has given guidance to the Indian Association of Nuclear Chemists and Allied Scientists (IANCAS). Workshop coordinator Dr. Arnab Sarkar enlightened us about the workshop. Later the workshop was started according to the schedule given above.

Last Date of Registration: - 4th August 2022, till 11.00am

(To avoid last minute entry)

Registration Charges :- For Student /Faculty :-INR 300/-

G-Pay /Phone pay Number :-7208245816

UPI. ID: kai2007ksl@oksbi

Please mention "Nuclear Energy workshop " as a note while doing G-Pay .

You will get a receipt once you get confirmation about your payment from the organizing team.

From every college 1 faculty with 2 students can join this workshop (only 70 participants are allowed, so first come first will be preferred)

For further details join the below WhatsApp group: https://chat.whatsapp.com/Jn4CAx6EXXmF0TsRJJkZaU

Note :- Participation Certificate will be provided to all the registered participants on the basis of attendance after the Workshop.

Outcomes: -

1. Students understood Nuclear chemistry greatly assists the understanding of medical treatments (such as cancer radiotherapy) and has enabled these treatments to improve. It includes the study of the production and use of radioactive sources for a range of processes.

2. They have got an idea that Nuclear chemistry is the sub-field of chemistry dealing with radioactivity, nuclear processes and transformations in the nuclei of atoms, such as nuclear transmutation and nuclear properties.

3. A typical nuclear reaction involves two reacting particles such as a heavy target nucleus and a light bombarding particle and produces two new particles as a heavier product nucleus and a lighter ejected particle this basic concept is visualized through PPT by Speaker.

4. Medicinal Uses of Radioisotopes and Applications in Pharma Industry.

5. It developed a good interest in the topic of radioisotopes and nuclear chemistry.

6. Nuclear energy protects air quality and it generates power through fission, which is the process of splitting uranium atoms to produce energy. The heat released by fission is used to create steam that spins a turbine to generate electricity without the harmful byproducts emitted by fossil fuels.

7. All the students first got hands-on training at GM Counter and NA- I Detector.

8. Students got hands-on information about alpha radiation and it was very effective and exciting for all the participants.
