**Participants List:** - From around 20 states of India, we have got 532 registered participants. Out of which 396 participants had given feedback cum attendance form. Around 1500 participants were there for the YouTube live session.

**Resource Person :** Mr. Ninad Avale, General Secretary of Jay Foundation, An NGO dedicated towards creating awareness and bringing about a change in the society for environmental conservation and sustainable development.

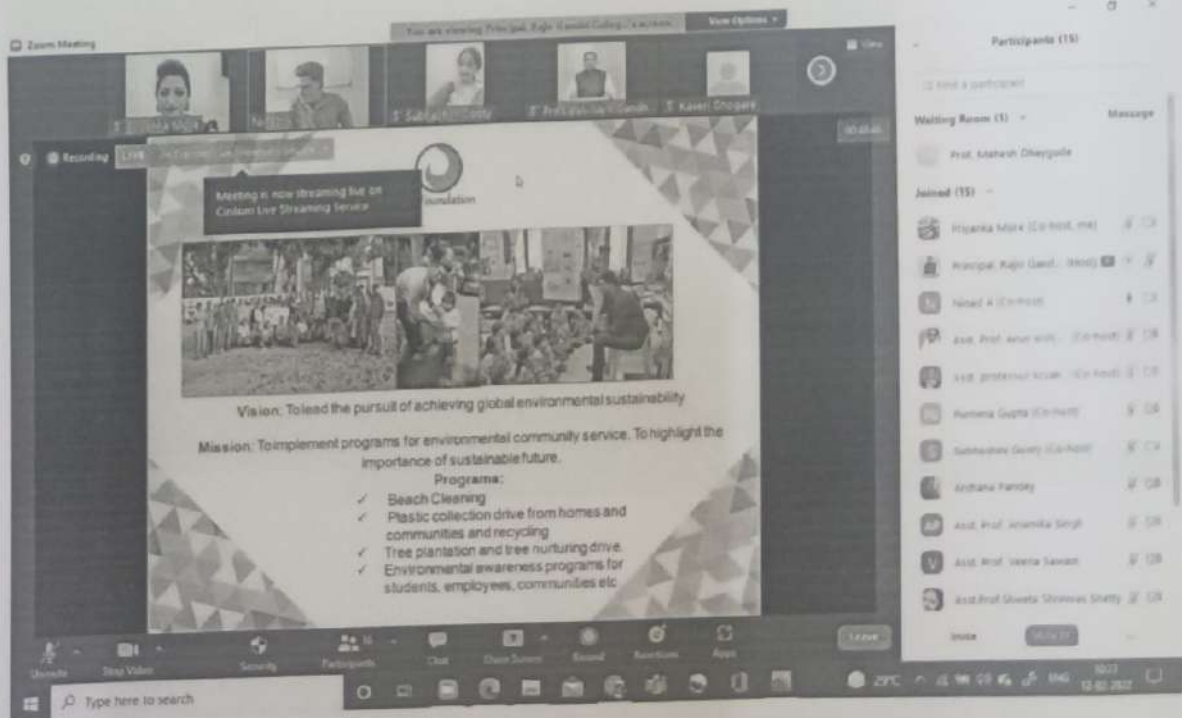

**Outcome: -**

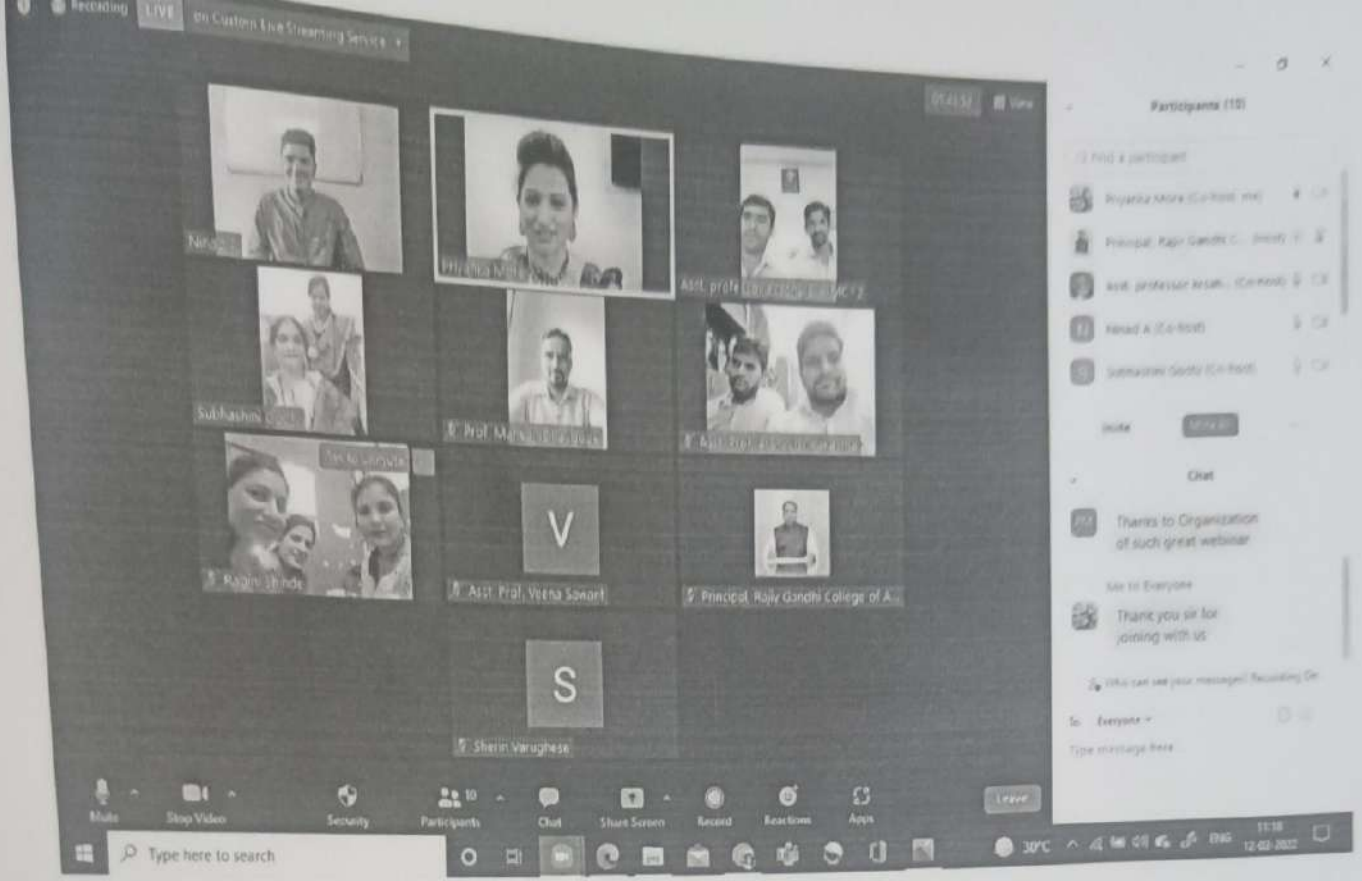

Created awareness about following things

- Plastic pollution is caused by the accumulation of contaminated plastic material in the environment. Plastic is a non-bio-degradable substance. Plastic waste enters the water like rivers, seas and even the sea and pollutes our water very much. So we say no for the plastic.
- How to separate plastic from our dry waste.
- How to dispose of it.
- Issues of plastic use should be tackled from everyone's house itself.
- The ways by which we can reduce the use of plastic and find alternatives for using it.
- Plastic waste management is an initiative to control the amount of plastic waste in the environment by adopting a circular economy and other environmental-friendly disposal solutions. Collaborations to end plastic waste and bring environmental regulations. We have to control ourselves and negotiate to bring down the waste and leave healthy environmental regulations.

## Department of Computer Science & Information Technology

### Workshop Report March 2021

#### Network security and Ethical Hacking

Duration: 2 hours

Dated On-15<sup>th</sup> March 2021

This workshop was attended by 713 registered participants drawn from across the country with 3936 Views during You Tube live session. This workshop mainly focuses on the students eager to be a White Hat Hacker. It features a brief introduction to the world of hacking starting with the importance of ethical hackers and their need in today's world scenario, including to the basics of networking that will help you have a deep understanding of the working of internet. This workshop will ready students for the information security industry also will allow in depth understanding of networking systems –which is essential for formulating strategies for improved security.

Below we present a synthesis of the most important points from the workshop, the topics learned, feedback analysis and recommendations for future action.

#### **Workshop Resource Person Profile:**

**Asst.Prof. Asif Rampurwala (Vice Principal), Vidyalkar School of Information Technology, Mumbai** Pursuing Ph.D, UGC-NET (Computer Science and Applications) qualified.

#### **Introduction:**

A Masters in Computer Science from University of Mumbai. He has more than 17 years of teaching experience at both the undergraduate and post-graduate level. Expertise in building and managing successful international academic partnerships with prestigious universities in USA, Canada, Australia and UK. A professional member of Association for Computing Machinery (ACM) and Computer Society of India (CSI). His research interests include ICT, Pedagogical research, and Soft computing. He has been conducting corporate trainings in Business Intelligence, IT Security Risk Management and Software development using Java amongst others. Member (Ag) of Ad-hoc Board of Studies in subject of MSc IT and BSc IT under the faculty of Science & Technology in HSNC University, Mumbai. Member of Syllabus Committee for Information Technology in University of Mumbai, **Member** of Syllabus Committee for Data Science in University of Mumbai.

## Content

The workshop has been covered the following topics:

1. White, Black and Grey Hat Hackers
2. Different Types of Malicious Code
3. Basic Networking commands
4. Telnet
5. FTP
6. Port Scanning
7. Buffer overflow attack
8. Xmodem

The students performed live hands-on tasks collaboratively to gain maximum benefit of the session.

## Learned Outcomes-

- Online teaching is an important part of the learning now a days in which we provide education to undergraduates due to pandemic situation. Online learning through webinars, workshop, seminars, conferences share many challenges with face-to-face teaching. In this Online workshops the main techniques used by computer hackers and penetration testers in order to better defend against intrusions and security violations in live systems, including low-level kernel and hardware topics, techniques for web applications and some audit techniques used in digital forensics Students learnt the underlying principles and techniques associated with the cyber security practice known as ethical hacking. They will become familiar with the entire basics of network security.
- **Basic understanding of UNIX OS, UNIX/Linux commands and File system** and to familiarize students with the Linux environment security .To made student learn fundamentals of shell commands regarding secure usage. Emphases are on making student familiar with UNIX environment and issues related to it. To be able to use command line networking applications such as ftp, telnet, etc. **to show spying on networks.**
- The participants understood exact concept of Hacking through practical session. Also the expert speaker person talked about various real world examples of hacking where He shared a video (case Study) of biggest fraud happened in a Banking system to explain the scenario. The expert made aware about how ethical hacking used in industries through a video clip. the participants got to know about different types of Malicious Code & working of virus, worms like Trojan Horses attack .
- Viewers learnt the fundamental of ethical hacking using command line utilites. This workshop enlighten an exciting career opportunity for fresher's students who desired to be a white hacker.
- The most exciting question answers session with expert speaker where participants ask various question regarding web server security, smart phone virus and how to make it secure through software's tools & technology and in response to questions participants got very satisfactory explanation.

The entire workshop live streaming(You Tube) done with details mentioned below.

Please Provide Your Valuable Feedback

Feedback for our resource Person, Prof. Asif Rampurawala

**Registration Link Address:** <https://forms.gle/UnmUv9n6LAvG7bs8>  
**You Tube Live Session Link Address:** [https://youtu.be/yqa\\_aBI70Ys](https://youtu.be/yqa_aBI70Ys)

**Recommendations & Conclusion:** The huge success of this workshop due to online mode .many participants joined and got opportunity to attend entire workshop from their own pace. Also the topic of workshop was a part of syllabus of University of Mumbai so many students got benefit of the practical demonstrations. Recommendation for future is to organized virtual sessions to reach as many as learners.

## REPORT ON TREES PLANTATION DRIVE

### NSS COMMITTEE

**Activity:** Trees Plantation Drive

**Venue:** College Ground Vashi Navi Mumbai.

**Date & Time:** 18<sup>th</sup> June -2022, 8.30 am to 12.30 pm.

**NSS P.O.** 1) Asst.Prof. Arun Vishwakarma  
2) Asst. Prof. Raju Rathod

#### Details of Activity:

Rajiv Gandhi College of Arts, Commerce and Science has organized 'Trees Plantation Drive' 18<sup>th</sup> June-2022. The 'Trees Plantation Drive' started at 8.30 AM with a Motivational speech by Asst. Prof. Rafat Shaikh in the morning.

The aim of this drive was to plant 25 trees and the speaker also spoke about the importance of tree plantation. Banyan (Bargat), Black Berries (Jamun), Mango, Neem, Jackfruit (Kathal), Badam (Almond), Peepal are saplings that are planted in the drive. The saplings are placed on the hole and ready to be planted. The students and teachers participated in the drive enthusiastically and helped each other in planting the saplings. Students were divided into groups and teachers were appointed as an incharge along with each group. Each group was allotted with different areas. We carefully removed the cover of the saplings, held the soil that protects the roots, and placed them on to the holes. We poured the hole with soil, making sure the saplings are properly planted and placed a bamboo stick beside the plants.

After our goal of planting 750 trees was achieved. Refreshments were distributed to all the students and teachers. Finally, the event ended and we came home with enthusiasm and happiness after doing such great work.

**Outcome: -**

1. All of the students enjoyed the tree planting activity and agreed that it is beneficial for environmental purposes and also for them.
2. Students got proper knowledge of spreading awareness regarding tree plantation and its importance.
3. Students also realized the true value of balance among people, life, and nature.
4. Tree planting is one way of showing our efforts in making this world a much better place to live in. Without the trees, nothing will keep us safe from the typhoons, we could not eat nutritious fruits and vegetables, and definitely we could not breathe fresh air. Build today, plant for tomorrow. Let's save nature together!
5. In addition to students learning tree planting skills, communities learn about all aspects of tree maintenance and care, as well as the different species being planted, and further knowledge around pests and diseases, land management and conservation.

## Notice

Date : 29<sup>th</sup> July 2021

Dear Students, Faculty, and Staff,

We hope this message finds you well. In response to the recent devastating floods in Chiplun, the NSS (National Service Scheme) unit of Sainath Education Trust's Rajiv Gandhi College of Arts, Commerce, and Science is organizing a food distribution event to provide essential relief to the affected population.

**Activity:** Chiplun Food Distribution Flood Relief

**Venue:** Chiplun Village Area, Ratnagiri District, Maharashtra

**Date & Time:** 31st July 2021, starting at 10:00 a.m.

The flooding in Chiplun has left many families without access to food and basic supplies. It is our responsibility as a community to come together and extend a helping hand to those in need during this challenging time. This event aims to provide immediate relief and support to the flood-affected residents of Chiplun.

### How You Can Contribute:

**1. Donations:** We are collecting non-perishable food items, clean drinking water, and other essential supplies at our college campus. Please drop off your donations at the College store room on or before 27<sup>th</sup> July 2021.

**2. Volunteering:** We are also looking for volunteers who can assist in the organization and distribution of relief materials on the day of the event. If you wish to volunteer, please register your name with the NSS Program Officers.

**3. Monetary Contributions:** If you would like to make a monetary donation to support this relief effort, please contact the NSS Program Officers for further information.

Your contributions, whether in the form of donations, volunteering, or monetary support, will make a significant difference in the lives of those affected by the floods. Let us stand together as a compassionate community and support our fellow citizens in their time of need.

For more information and to coordinate your contributions, please contact the NSS Program Officers:

Asst. Prof. Kamal Jain

Asst. Prof. Arun Vishwakarma

Your generosity and kindness will bring hope and relief to the flood-affected residents of Chiplun. Let us show the strength of our community by coming together for this noble cause.

Thank you for your support and compassion.

  
NSS Program Officers

**Report on Chiplun Flood Relief A.Y. 2021-22**

**Activity:** Chiplun Food Distribution Flood Area

**Venue:** Rajiv Gandhi College Vashi 2021-202

**Date & Time:** 31<sup>st</sup> July 2021 at 10:00a.m onwards,

**Descriptive Report :-**

NSS unit made Packets of essential things on 31<sup>st</sup> July 2021 at College premises. The NSS unit with the help of Alumni and Teachers worked hand in hand to support the Chiplun Flood relief.

**Participated by :**

Management Team and Principal

NSS PO - 02

NSS Committee Teachers : 07

Students : 83

Alumni : 14

**OUTCOME :-**

**1.Immediate Relief Provided:** The college successfully provided immediate relief to the flood-affected population. This included the distribution of essential food items, clean drinking water, and other necessary supplies to the affected families.

## OUTCOME :-

- 1. Immediate Relief Provided:** The college successfully provided immediate relief to the flood-affected population. This included the distribution of essential food items, clean drinking water, and other necessary supplies to the affected families.
- 2. Alleviation of Suffering:** The relief efforts alleviated the suffering of the flood victims who had lost access to basic necessities due to the disaster. It provided them with much-needed support during a challenging time.
- 3. Community Unity:** The event brought together students, faculty members, and staff, fostering a sense of unity and community spirit. It demonstrated the power of collective action in times of crisis.
- 4. Positive Impact:** The relief efforts had a positive impact on the lives of the flood-affected residents. It helped them cope with the immediate aftermath of the disaster and provided hope for the future.
- 5. Responsibility and Empathy:** The initiative instilled a sense of responsibility and empathy among the college community, encouraging them to contribute to the well-being of society and make a positive difference in the lives of others.
- 6. Awareness and Education:** The relief event also served as an opportunity to raise awareness about disaster preparedness, climate change, and the importance of community resilience in the face of natural disasters.
- 7. Community Engagement:** It facilitated engagement with the Chiplun community, strengthening bonds and building goodwill between the college and the local residents.
- 8. Inspiration for Further Initiatives:** The success of the flood relief efforts may have inspired the college and its NSS unit to engage in more community service activities, furthering their commitment to social responsibility.

In conclusion, the flood relief conducted by Sainath Education Trust's Rajiv Gandhi College of Arts, Commerce, and Science in Chiplun had a profound and positive impact on the affected

## DETAIL ACTIVITY REPORT

### NSS COMMITTEE

**Activity:** Blood Donation Camp 2017-2018

**Venue:** Auditorium (4<sup>th</sup> Floor) Rajiv Gandhi College

**Date & Time:** 1<sup>st</sup> September 2017, 09: 00 a.m. to 3:00 p.m

#### Details of Activity:

Sainath Education Trust's Rajiv Gandhi College of Arts, Commerce and Science (NSS unit) organized '**Blood Donation Camp**' on 1st September 2017. The camp was organized in collaboration with NMMC Vashi Navi Mumbai. The camp was arranged at an auditorium on the 4th floor Auditorium in college premises.

The function started around 9:00 AM. The camp was inaugurated by our founder "**Shri Haribansh Singh Ji**". Our students with their parents had participated in the blood donation camp. Along with teaching and non-teaching staff, Alumni also actively participated in this camp. The blood collected from this camp was to be around 69 units. The College had arranged refreshments for those who donated blood in the camp. The participants who donated blood were given certificates and gifts.

To oversee the entire process and to collect the blood, a team of doctors and nurses were put in charge. Before donating the blood the team were checking BP and Hemoglobin. The college had also arranged for a resting room for anyone who felt dizzy or sick after donating blood and volunteers were present over there to take care of them.

The camp ended with a vote of thanks delivered by Asst. Prof. Sunandha Salave to everyone and the camp successfully ended with the National Anthem.

**Outcomes:**

- 1) Blood pressure was checked and Hemoglobin level was confirmed.
- 2) The donor students are given a certificate of appreciation.
- 3) The sick students will get proper medical advice from the Doctors..
