### Greetings from the "Bombay Stock Exchange Brokers' Forum" Mumbai, India.

**BSE Brokers' Forum formed in 1993 represents the concerns of the trading members in front of the Regulators and the Stock Exchanges. The Forum has been actively working for the betterment of the capital market in general and trading members in particular.**

The Forum has taken up a project to spread the **Financial Inclusion and Financial Literacy** in association with the BSE IPF. To achieve this we propose to conduct a free Webinar on "**The Overview of the Indian Capital Markets and Indian Economy**" for one hrs which is aimed to bring the new investors to the market. **This Webinar is absolutely free**

Due to the ongoing lockdown due to COVID 19, the knowledge sharing has been shifted to webinar mode and we are trying our best to impart practical knowledge among the faculty members and student fraternity.

We wish to **conduct 4 days FACULTY DEVELOPMENT PROGRAMME** for the college faculties in which our expert speaker will share the entire world economy and Indian Economy perspective.

#### We can conduct FDP on the following topics

1. Investing in these challenging times
2. Indian economy road ahead
3. Asset allocation vital for wealth creation
4. Mutual funds for wealth creation
5. world economy on tenterhooks
6. Indian economy post COVID 19
7. FII vs Mutual funds which one backs Indian markets

We can conduct these faculty development programmes through webinars and ensure that there is healthy discussion with our expert.

The speaker will be Dr.V.Aditya Srinivas.

#### **Support from college Required**

1. To create a webinar invitation (sample will be sent by us) along with a registration link.
2. Email approval of the webinar session
3. Excel sheet of participants attending which includes their name, mobile , email id

The session can be arranged on Zoom, Google Meet, or any suitable platform. The entire IT support has to be from the college side.

**PRINCIPAL**  
Rajiv Gandhi College of Arts, Commerce & Sciences  
Vashi, Navi Mumbai - 400 703.

We are also offering **FREE COURSE** for students to "**Make them Employable**". The objective of this course is to give students knowledge about working of stock market, economy, monetary policy and other aspects.

There would be 5 sessions. (**Minimum 100 Maximum 150**) **Students in one Batch**

- The sessions on **‘The Overview of the Indian Capital Markets and Indian Economy’** (21<sup>st</sup> Feb 2022 to 28<sup>th</sup> Feb 2022) conducted by **Dr. Aditya Srinivas**

created awareness about investment options available to salaried employees and ways to optimize financial resources.

- Due to the situation of COVID-19 the knowledge sharing has been shifted to webinar mode. BSE Brokers Forum always try their best to impart knowledge with faculties and student fraternity. Hence, we have decided to work in collaboration for spreading financial inclusion and financial literacy in this challenging time among faculty members.
- He explained the price mechanism, transaction settlement mechanism, growth of BSE and challenges faced by the company, history of BSE, technical innovations implemented by the BSE. He also explained how BSE works as a bridge between investors and the companies

**On 21<sup>st</sup> Feb 2022**, Resource person Mr. Aditya Srinivas conducted session on, Investing in these Challenging times, many participants have described it as outstanding and knowledge gaining session.

The session extensively covered the following topics:

- Stock market investment is suitable for investors who have time, knowledge and capital.
- SIP should be taken in large cap mutual funds and index funds
- Gold investment - Gold has inverse relationship with 1. Stock market 2. World economic data 3. US economy
- Reason for the hike in gold prices as all the central banks of the world started buying gold as gold is most liquid asset after cash.
- Relationship between Gold and crude oil.
- Gold deposit scheme
- Benefits of holding gold equity, Negatives of trading in gold futures & Benefits of investing in large cap stocks.
- Tax differential on the purchase of EFT vs Gold bonds
- Benefits of debt vs Equity for a corporate.
- Property as an investment option
- Insurance
- Fixed deposit and Provident fund is a must, to keep a part of the cash safe.

**On 22<sup>nd</sup> Feb 2022** topic was “Indian Economy Road ahead”. The session extensively covered the following topics:

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India’s comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022

the Economic Survey 2021-22 in Parliament today, which projects a baseline GDP growth of 6.5 per cent in real terms in FY24. The projection is broadly comparable to the estimates provided by multilateral agencies such as the World Bank, the IMF, and the ADB and by RBI, domestically.

**On 23<sup>rd</sup> Feb 2022**, The topic for the session was “Asset allocation vital for wealth creation”. The session extensively covered the following topics

Asset allocation refers to distributing or allocating your money across multiple asset classes, such as equity, fixed income, debt, cash, and others. The primary purpose of asset allocation is to reduce the risk associated with your investment.

### **Factors Affecting Asset Allocation Decision**

- Goal factors. ...
- Risk tolerance. ...
- Time horizon. ...
- Age-based Asset Allocation. ...
- Life-cycle funds Asset Allocation. ...
- Constant-Weight Asset Allocation. ...
- Tactical Asset Allocation. ...
- Insured Asset Allocation.

There are several types of asset allocation strategies based on investment goals, risk tolerance, time frames and diversification. The most common forms of asset allocation are: strategic, dynamic, tactical, and core-satellite.

**On 24<sup>th</sup> Feb 2022**, the topic for the session was “Mutual fund for wealth creation”. The session extensively covered the following topics:

For sufficient wealth creation, apart from choosing the right investment, you also have to give your investments sufficient time to grow. You need to maximize the benefit of compounding by investing as early in life as possible. Early starters have the opportunity to stay invested longer, which makes it easier for them to reach various financial goals.

Mutual funds help investors diversify unsystematic risks by investing in a diversified portfolio of stocks across different sectors. While individual stocks have both unsystematic and systematic risks, mutual funds are only subject to systematic risk or market risk.

### **Benefits of Mutual Funds**

- Diversification. When you invest in mutual funds, your fund manager will invest your money in different securities including equity, stocks, debt funds and other money market instruments. ...
- Professional Management. ...
- Liquidity. ...
- Smaller, Disciplined Investments. ...
- Convenience And Simplicity.

**On 25<sup>th</sup> Feb 2022**, The topic for the session was “World Economy on tenterhooks”. The session extensively covered the following topics:

This new strain of the coronavirus is keeping the world on tenterhooks and is increasingly leaving its mark on economic developments. Production in large parts of China has been halted for some time. More than half of the provinces – which together generate around 70% of China's gross domestic product – have extended their New Year's holiday by at least a week. It is not certain when companies will be allowed to resume operations. However, even a rough estimate shows that this is likely to slow down GDP growth in the current quarter significantly more than previously expected. We consider a decline in the annual growth rate from +6.0% in Q4 2019 to between 3% and 4% possible.

**On 26<sup>th</sup> Feb 2022**, the topic for the session was “Indian Economy Post-Covid 19”. The session extensively covered the following topics:

Resource Person Dr. Aditya Srinivas delivered a session that was and fact filled. He kept the audience gripped with the data that he shared. He said, that 185 countries across the globe were locked down and had no business activities as a result of the Covid-19 pandemic that had struck the entire world.

The scenario looked grim. There was no recourse until a vaccine for Covid-19 was discovered. However herd immunity will be created over a period of time and the death rate will fall helping the world slowly tackle (develop an immunity) the problem of Covid-19

The highlights were:

- ✓ Optimistic regarding India's position (As a country we have fared better than the world averages in fighting global financial crisis)
- ✓ India and its resilience – a comparative analysis.
- ✓ Indian Demography – Indian demographic dividend. A young population that has the potential to fight the pandemic.
- ✓ A study of the Government interventions / relief packages offered. – All segments were given relief, farmers, MSMEs but nothing for salaried class,
- ✓ Should have credited cash to the accounts (Jana Dhana Yojana) of people directly. This would help them spend and kick-start the economy. –
- ✓ Decrease in interest rate will not help. People will not take loans due to unstable salary and job scenario caused by the Covid-19 pandemic. Hence lowering interest rates has not helped.
- ✓ Companies should support the employees and not cut salaries or lay off staff. They should be able to support their employees for atleast 3-6 months
- ✓ Challenges we (India) face are our 63 crores migrant labour. We are a 1.37 crore population, majority of whom are not educated. How are we going to solve this problem?
- ✓ The employment problem as a result of the Covid-19 crisis.

**On 28<sup>th</sup> Feb 2022**, the topic for the session was “FII vs Mutual Funds which one backs Indian Markets”. The session extensively covered the following topics:

Foreign institutional investors can include pension funds, investment banks, hedge funds, and mutual funds. Some countries place restrictions on the size of investments by foreign investors.

FII's will increase capital inflows into the country. They also contribute to economic development by making long-term capital available for projects. FII focuses on equity rather than debt which helps in maintaining and improving the capital of the company they are investing in.

Pointers of Difference :

- 1) FII's, a positive and significant correlation between FII's gross purchase in equity and debt market is found.
- 2) Similar relationship is noticed between FII's gross sale in equity and debt market.
- 3) FII's gross sales in equity are highly correlated with gross purchase in debt market and a strong positive association between FII's gross purchase in equity and gross sale in debt market is observed. In case of Mutual funds, MF gross purchase in equity and debt market has a positive but less significant relationship with each other.
- 4) Whereas, MF gross sale in equity and debt market are moving in same direction and a significant association is found between them. A strong positive relation between MF gross purchase in equity and gross sale in debt market is also observed.
- 5) Finally, mutual funds gross sales in equity are highly correlated with gross purchase in debt market.
- 6) Hence, results of Mutual funds are to some extent similar to FII's only with a lower level of significance. As MF combined investment in equity and debt market has surpassed FII's investment.

A systematic and disciplined investment approach with patience is the key for creation of wealth and success formula for investment in stock market.

The sessions of FDP were helpful not only for teaching purpose but also for their individual financial planning.

The screenshot shows a Zoom meeting interface. At the top left, there is a red 'REC' button. The main content area displays two presentation slides. The first slide, titled 'Mutual Funds – Indirect route', lists several points: 'Mutual funds are suited for those who do not have', '1. Sufficient time for stock market observation', '2. knowledge about India and world', '3. Capital', 'Best way to invest is through SIP (Systematic Investment Plan)', and 'Monthly Rs. 8000 crore coming into Indian stock market through SIP route.'. The second slide, titled 'Investing in this challenging times', lists: 'COVID-19 is a pandemic that has stopped world over economic activities', 'Thus protecting and surviving ones financially is very vital during this period', 'The following assets one can think of having', and a numbered list: '1. Cash', '2. Investment in large cap stocks (SENSEX)', '3. Mutual funds SIP', '4. Gold', '5. Property', '6. Insurance (multi-farm and term plan)', '7. Fixed Deposits', and '8. Provident Fund'. Below the slides, the Zoom grid shows participants: 'Aditya is presenting' (top), 'Sheetal', 'Apurva', 'dhaware', 'You', 'Aditya', 'Bh', and '24 others'. A 'You' tile is visible on the left side of the grid.
