We all students joined for competition before half an hour. It was well organized and guided by the university professor about rules and regulation at the competition.

Competition was started with playing an university song. After completion of the song professor has given us two topics named as 'No mask, No entry' and 'Vaccination'.

In which I have selected vaccination topic and started making poster in between electric supply was disturbed for half an hour because of that reason I have not able to operate with the video.

During this period professor has disturbed us a lot due to this I could not able to focus on my competition and competition time limit was 2 hour in this stipulated time ultimately I have completed my competition and submitted on time.
